

# LEICA M10-P "Reporter"

## The definitive reportage camera for even the most challenging conditions

Many Leica cameras throughout the company's history have been developed with the needs of press and reportage photographers in mind. With its dark green, particularly scratch-resistant finish and Kevlar camera trim, the Leica M10-P "Reporter" brings to mind the extremely challenging conditions under which many of the most remarkable photographs of our time were created.

- Black Kevlar armoring for excellent grip and comfort
- Extremely scratch and fingerprint resistant green paint finish
- Engravings filled with subtle light green color
- Functional engravings only, focusing on the essentials
- Limited to 450 units worldwide
