Complimentary Capture One Trial With Registration

Greetings from Leica Camera North America,

We are happy to inform you that in addition to receiving a 12-month warranty extension, as well as 3 complimentary digital editions of the LFI magazine when registering a new Leica M, Leica Q or Leica SL camera from an authorized dealer, **starting December 16th, customers may also receive a complimentary 3-month trial of Capture One's "All in One" features.**

Please see the initiative's mechanics on the following page.

Complimentary Capture One Trial With Registration

Mechanics:

- Starting December 16th, customers may register their new Leica M, Leica Q or Leica SL camera via their [Leica Account](#), sold from an authorized dealer, to redeem the free trial.
- Each customer can redeem only one trial offer. Registering multiple eligible Leica products does not grant additional trials.
- Customers must have a Capture One Account. Once the customer has made a Capture One account when activating the trial, they may also download Capture One directly from the [Capture One website](#) by logging in with their Capture One account.
- The complimentary Capture One 3-Month Trial period cannot be extended. Before the 3-month trial ends, customers will receive an email reminder from Capture One. If the customer would like to continue using Capture One, no further action is needed and Capture One will automatically charge the customer's credit card on the fourth month. If the customer does not want to be charged, they will be able to easily log in to their Capture One account and cancel the subscription before the trial period ends.
- The Capture One 3-Month Trial Offer is not available to customers with an active Capture One desktop subscription, however, customers with a perpetual Capture One desktop license or only a Capture One Mobile subscription (and no active Capture One desktop subscription) are eligible.
- The redemption code will be valid for 30 days from the date of issue. The Trial Offer is not limited by the purchase date and can be redeemed at any time after the camera purchase, provided that the Trial Program remains available. As of today, there is no end date planned for this promotion.
